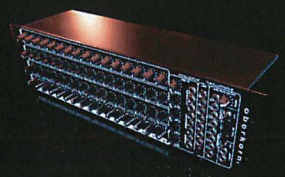
ANALOGUE SOLUTIONS

Europa
- MIDI step sequencer with x0x style programming



Oberkorn
- 16 step, multi-channel CV and Gate sequencer

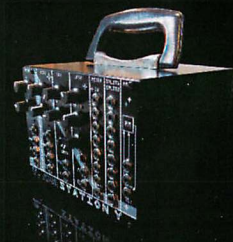
Telemark
- 2 VCO true analogue synth with multimode filters and jack lead patch points

KEYBOARD version coming soon!

Tereshkova
- 3 VCO true analogue modular, patchable, portable suitcase synth with multimode filters

Station X
- Mini modular synth

Station Q
- 8 step CV/Gate sequencer (3xCV, 2xGate)



Station Y
- Modular synth expander / effects processor

Leipzig-K
- 2 VCO true analogue monosynth. Moog style filter. Lots of modulation possibilities. No digital encoding, no-stepped control. Lots of 'wood' CV+Gate input & output sockets. Audio input - feed external audio into the filter!

Vostok
- 3 VCO modular portable, suitcase synth with jack and matrix panel patching. MIDI, multimode filter, true analogue circuits, 2x LFO, 2xEG

Leipzig-s Synth/Sequencer
- Moog style analogue synth. 2x VCO, 2xEG, LFO, Analogue Sequencer, lots of modulation possibilities. True analogue circuits.

Red Square
- Semi-modular synth expander / effects processor.
True analogue circuits.
6.35mm 'big' jack sockets.
